_____ Signature

_____ Date

ONLINE GIFTS may be made at **http://give.washcoll.edu**

My gift will be matched by _____

My company's matching gift form will be forwarded to Washington College.

NAME RECOGNITION

I/We would like to accept the following naming opportunity (see reverse for naming opportunity descriptions):

☐ Cardio Gallery (RESERVED)	$300,000	☐ Equipment (RESERVED)	$118,000	☐ Fitness Floor	$75,000
☐ Training Zone (RESERVED)	$150,000	☐ Energy Lighting	$100,000	☐ Interior Glass Wall	$50,000
☐ Life Fitness Zone (RESERVED)	$100,000	☐ Energy Ceiling	$100,000	☐ Sound System	$25,000

*Payment may also be made with appreciated securities. For instructions, please contact the Office of Advancement at Washington College at (410) 778-7801.

Please return pledge form in enclosed envelope, by fax (410-778-7802), or by e-mail to bheck2@washcoll.edu.

Naming Opportunities

Cardio Gallery $300,000 (RESERVED)
Equipment $118,000 (RESERVED)
In early January 2012 a College trustee committed the money needed to build the new cardio gallery and provide the entire facility with a significant equipment upgrade. In the cardio gallery itself, treadmills, stair steppers, elliptical machines and rowing machines will be arranged to face an 18-foot exterior wall of windows.

Training Zone $150,000 (RESERVED)
Washington College parents are directing their fundraising efforts toward the strength and conditioning area of the weight room, which includes free weights, resistance bands, medicine balls and kettlebells.

Life Fitness Zone $100,000 (RESERVED)
Louis L. Goldstein ’35 funded the original weight room in the Johnson Fitness Center in 1992. We continue to honor the memory of the College’s longtime Board Chair by containing the universal weight equipment within the Goldstein Life Fitness Zone.

Energy Initiative
Renovations to the 42,000-square-foot field house will help the College control energy costs and enhance the lighting in a high-trafficked facility that is used for a variety of sports activities, practices and social events.

Energy Ceiling $100,000
Workers will install ceiling insulation and a reflective ceiling liner to improve acoustics, energy efficiency and visual atmosphere.

Energy Lighting $100,000
With a $100,000 expenditure for T5 compact fluorescent lamp fixtures, the College qualifies for annual rebates from Delmarva Power and will see a return on investment in just 15 months.

Fitness Floor $75,000
Finished with a high-performance sports flooring, a corner of the new gallery will be set aside for floor work—including flexibility workouts and agility training.

Interior Glass Wall $50,000
Glass panels allow the light to shine in while creating a physical barrier between spaces. Here, a long glass wall will create a dramatic entrance to the fitness zone from the corridor.

Sound System $25,000
Studies suggest that listening to music during training sessions can raise the quality of workout levels. A premium sound system can help college athletes crank up their workouts.
