

Dear Student,

We hope you are doing well! This year, Haylor, Freyer and Coon is Washington College's Student Health Insurance broker, and we are here to assist you with the enrollment and waiver process for the Student Health Insurance Program. As a student at the University, you are required to take action to waive out of the Student Health Insurance Plan or proactively enroll in the plan. The deadline to take action for the upcoming 2026 Fall semester is 8/14/2026.

If you are planning to waive, please go to our website: <https://haylor.com/college/washington-college/>.

Have a copy of your insurance card in front of you and be sure it is truly active at the time of submission as all waivers will be verified.

To activate enrollment onto the Washington College student health plan, please go to our website: <https://haylor.com/college/washington-college/>.

Proactively enrolling will avoid processing delays on filling prescriptions and scheduling medical appointments. Once you are enrolled you will receive confirmation from United Healthcare Student Resources of your enrollment, including instructions on how to access your health insurance ID card electronically. This plan will be in effect as of 8/15/2026.

If you do not submit proof of insurance or proactively enroll prior to 8/14/2026, automatic enrollment in the Washington College student health plan with UHCSR will take effect on 8/15/2026, and the premium charge of \$3,810.00 will be added to your student account.

For more information on waiver requirements, the student health insurance, and what services are available to you, please visit our website. <https://haylor.com/college/washington-college/>

If you have any questions, please feel free to reach out to us at 833-401-3402 or student@haylor.com.

Thank you and good luck in the upcoming semester!

Sincerely,

[Collegiate Department](#)
