Colombia	India	Mozambique	Somalia	
Comoros	Indonesia		South Africa	

3. Have you resided in or traveled to one or more of the countries or territories listed above for a cumulative period of at least one month (If yes, CHECK the countries or territories, above)

☐ Yes ☐ No

4. Have you been a resident, volunteer, and/or employee of high-risk congregate settings (e.g., correctional facilities, long-term care facilities, and homeless shelters)?

☐ Yes ☐ No

5. Have you been a volunteer or health care worker who served clients who are at increased risk for active TB disease?

☐ Yes ☐ No

Have you ever been a member of any of the following groups that may have an increased incidence of inactive TB infection or active TB disease: medically underserved, low-income, or using drugs or alcohol

☐ Yes ☐ No

If you answered YES to any of the above questions Washington College requires that you receive TB testing with a IGRA or QFT-Plus *blood test prior to the start of your first enrolled term*. The significance of any travel exposure, including study abroad, should be reviewed with a health care provider.

If the answer to all the above questions is NO, no further testing or further action is required.
