2016 Summer Internship Announcement

Midshore RIVERKEEPER® Conservancy (MRC) is a non-profit organization dedicated to the restoration and protection of the waterways that comprise the Choptank River watershed, Eastern Bay, and the Miles and Wye Rivers located in Maryland. Located in Easton, MD the organization serves as an advocate for the health of these tributaries and the living resources they support. MRC strives to provide education, outreach, and restoration programs. These programs promote environmental awareness of the essential role these rivers and streams play in the community, of the issues that threaten their health and vitality, and of the solutions that must be implemented to preserve them. Midshore Riverkeeper Conservancy is seeking applications for a summer internship experience.

Summer intern activities include:

- water quality monitoring
- oyster restoration
- environmental education activities including community kayaks and children’s programs
- monitoring of restoration projects including tree plantings and wetlands
- community engagement and event planning
- independent capstone project

We require basic computer literacy, writing skills, and a willingness to participate actively in a variety of programs that will include time on the rivers and time in the office. **Internships are unpaid and interns must commit to a minimum of 10 weeks of time. Start and end dates are flexible.***

If you are interested in learning more, or applying for an internship please send a resume to Suzanne Sullivan at Suzanne@midshoreriverkeeper.org by February 29th, 2016. Interviews will be conducted in March-April either in person, over the phone, or via the internet.
