

GIS Student Analyst - General

Location:

Washington College GIS Program
151 Dixon Dr, Suite 3
Chestertown, MD

Positions Available:

2

Duration:

May 28, 2018 - August 17, 2018

Hours per Week:

Full Time (35 hours)

Pay Range:

\$10.10 - \$14.00

Hours of Operation:

Monday-Friday
8:00am-3:30pm

Focus Area:

Historical and cultural landscapes, energy infrastructure, environmental/ecological analysis, civil infrastructure, and human geography.

Application Deadline:

April 6th, 2018

Job Description:

The primary duty of the GIS Student Analyst will be to work with clients, partners, and WC GIS Staff to complete a variety of GIS and research tasks for the completion of funded client-centered projects. They will mainly use ESRI's ArcGIS software and web applications, but may be asked to use other software/technologies or learn new skills as determined by the projects (such as programming, teaching, or design). Students will be involved in data acquisition, analysis, and visualization—mainly through the creation of cartographic products.

Qualifications:

Background in GIS/IT fields (preferred, but not required)

Familiarity with Microsoft Office Suite, particularly Excel (preferred, but not required)

Strong interest in acquiring software/hardware skills in a professional setting

Proven capacity to independently pursue tasks and goals, while capable of working within a team

Interest and aptitude for practicing professional workforce habits

Willing nature, open to tackling new tasks and challenges

Supervisor(s):

Luis Machado, GIS Development Manager
Katie Walker, GIS Specialist
