

**Fall 2019  
Move-In Days  
are**

**Going  
GREEN!**

**Welcome to Washington College! When you move to campus, please help us save energy and cut costs by considering the following ideas:**

- **Pack in recyclable boxes** (cardboard, paper) or re-useable containers
  - *Extra recycling help will be available during move-in times!*
- **Bring a water bottle and a filter** – not single-use bottles of water
  - *Filtered filling stations are also available around campus!*
- **Bring a “smart” power strip** with 6’ cord for your appliances and chargers

**REDUCE – REUSE – RECYCLE**

**More sustainable move-in ideas:**

- **Consider LED lamps** in place of incandescent or fluorescent bulbs
- **Consider a washable throw rug** instead of a carpet
- **Bring a mattress-topper made of natural fibers** instead of foam
- Help protect the Chesapeake Bay by **bringing ‘green’ laundry detergent**

*The Washington College Office of Student Affairs is partnering with the Student Environmental Alliance, the Buildings and Grounds Department, and the Office of Sustainability to promote environmentally conscious, financially beneficial, and socially just practices across our historic campus. Your actions matter!*

For more information, visit <https://www.washcoll.edu/about/sustainability/>

*Internships and work-study positions are available in the Office of Student Affairs and the Office of Sustainability.*
