Additional ICP Considerations

Are there any instructional components of this course which may be difficult to translate to remote instruction?

What can be employed as an alternative to these components?

Are there any instructional tools or resources which need to be practiced or implemented during the semester?

How will you implement these?

How do you assess student progress toward/attainment of learning outcomes?

On Campus	
Remotely (possible tools / strategies)	

What types of assignments will students complete for this course?

On Campus	
Remotely (possible tools / strategies)	

What kinds of interactions occur in this course? (Teacher-Student / Student-Student/ Etc.)

On Campus	
Remotely (possible tools / strategies)	

Are students engaged in group work during this course?

On Campus	
Remotely (possible tools / strategies)
